Minonk History will be issued in three volumes covering Minonk's first 101 years through 1955. This application is for the first volume only which will be over 500 pages in length. Minonk History was recorded from newspapers printed in Minonk since 1870. Earlier history came from articles written after 1870.

Articles are grouped into chapters in date order using the date the newspaper was issued. This first volume includes chapters on: Founding Minonk, Minonk, People, Farmers and Farming, Schools, Stories, Ethnic Stories, and Near By Towns. An index of names in the Book with page number will be attached.

This is where your participation is needed. The printer wants a pre-payment to get started and a count of how many books to print. The books will sell for \$60. If you will make a deposit of \$20 now, your cost of the book will be reduced to \$50. The final \$30 will be due when the books are ready for delivery. Shipping, handling and taxes, if any, will be added before delivery. This is an offer which will expire by January 31, 2015. The printer said it would take three months to complete their work.
